A BOLD, IMMERSIVE INTERIOR
BY LORI MORRIS DESIGNED
FOR EFFORTLESS, STRIKING
ENTERTAINING, WHERE
CINEMATIC DESIGN SHAPES
EVERY MOMENT

Lori Morris Design
► www.lorimorris.com

Entertainer's Dream by Lori Morris unfolds as a cinematic sequence of spaces, each designed to heighten anticipation, drama, and indulgence as you move through the home. From the very first step inside, the experience is intentional, immersive, and unapologetically glamorous.

The entrance stair hallway sets the tone with sculptural confidence. A sweeping curved staircase becomes an architectural centrepiece, wrapped in deep blue textured walls. A cascading crystal chandelier pours light down through the space, catching on custom metal railings and polished stone flooring inlaid with flowing patterns. Plush carpeted stair treads soften the ascent, while bold contemporary artwork injects energy and movement.

At the heart of the suite, the main seating area reads like a jewel box lounge. Curved, custom-made velvet benches create an intimate yet expansive gathering space. Saturated blues are layered with brass accents, lacquered surfaces, and richly patterned pillows. Brass coffee tables anchor the space, while a crystal starburst chandelier radiates drama overhead.

The bar area forms the social nucleus, finished in high-gloss blue lacquer with a curved marble countertop edged in brass and mirrored shelving. Together, Entertainer's Dream is a masterclass in layered luxury and experiential design, where each room flows effortlessly, transforming hosting into an art form with theatrical elegance and immersive sophistication, delivering a truly unforgettable residential experience. **IP**
